Dear Commissioner Henney:

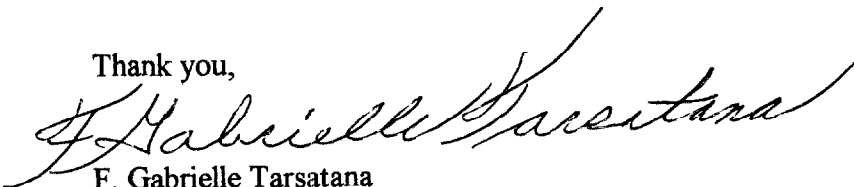

I writing concerning the GMO and the health problems that can arise from it.

I feel that,

- 1) There should be mandatory labeling of all genetically modified foods.
- 2) There should be strict regulations for the health and safety testing of GMO's
- 3) There should be requirements for comprehensive assessments of environmental risks associated with GMO's

Please give this important matter your kind attention.

Thank you,

F. Gabrielle Tarsatana
